MONTHLY CHILD TAX CREDIT (CTC) PAYMENTS IN 2021 REDUCED FOOD INSUFFICIENCY AND THEN ENDED

- Previous research published in *JAMA Network Open* → Implementation of CTC monthly payments associated with **26% reduction in food insufficiency among households with children** (Shafer et al. 2022)
- Subsequent analyses → Expiration of CTC monthly payments associated with **25% increase in food insufficiency among households with children through July 2022** (Bovell-Ammon et. al. *JAMA Network Open*, October 22).
